The children's marks were estimated on year's work, and the school closed earlier than normal. Also in this Register the teacher has made separate comments on the Infants and Primers. | Fair | OK | Feilding & Districts Community Archive |
| A 2011.137.04.3 Register | This is the third Examination Register in the accession, and is again set out the same as the first two. In this Register, however, the A to E, has become A to C-, and W and are now given a written standard not numerical: A = Very high standard B = Good standard C+ = Above average C = Average C- = Below average W = weak, needs remedying and the General reports have returned to encompassing all classes. | Fair | OK | Feilding & Districts Community Archive |
| A 2011.137.04.4 Records | This is the last Examination Register in the accession, but the NZ Education Department has changed the title from a Register to a Survey. The records are still the same and still using A to C- for exam results, with General Reports in the rear. | Fair | OK | Feilding & Districts Community Archive |

| A 2011.137.06.3 Registers, School | Beaconsfield School Daily Attendance Register for 1937. This has both Boys and Girls named within the same register. The teacher is M.E.Lodge. it is interesting to note that the school did not open at the beginning of the school year in February as it should have done, due to an infantile paralysis epidemic - polio. | Fair | OK | Feilding & Districts Community Archive |
| A 2011.137.06.4 Registers, School | Daily School Attendance Register. 1938: Again both Boys and Girls in the same register. The teacher was James Stewart. | Fair | OK | Feilding & Districts Community Archive |
| A 2011.137.06.5 Registers, School | Beaconsfield School Daily Attendance Register for 1939; this register is only Girls names, and the Boys register is missing. The teacher was J A Small. | Fair | OK | Feilding & Districts Community Archive |
| A 2011.137.06.6 Registers, School | Daily Attendance Register for 1940, including both Boys and Girls names. Interesting to note the school was closed for two days on the death of the Prime Minister, Rt Hon. Michael J Savage, 27th and 28th March. | Fair | OK | Feilding & Districts Community Archive |
| A 2011.137.06.7 Registers, School | Beaconsfield School Attendance register, 1941. This register again has both Boys and Girls names. The teacher is O. McKeany | Fair | OK | Feilding & Districts Community Archive |
| A 2011.137.06.8 Registers, School | This daily attendance roll again has both Boys and Girls in the same register. As with the other registers, it has the child's admission number, age at 1st January, time since entering first school. Other information at the bottom of each page is morning and afternoon attendance each week, weekly totals, number of times the school was open each week, average attendance, and weekly roll. | Fair | OK | Feilding & Districts Community Archive |
| A 2011.137.06.9 Registers, School | The teacher in 1943 was J. Shackleton, who is the first teacher to identify the classes at Beaconsfield School for this year, and this information is written on the front cover of the register. Previous registers only specify ALL for classes, whereas J.Shackleton has specified Primer 1 to Standard 6. An interesting holiday the school had this year was on September 10th to celebrate the Fall of Italy. | Fair | OK | Feilding & Districts Community Archive |
| A 2011.137.06.10 Registers, School | As with the previous registers, this has both Boys and Girls and all class classifications. The teacher, however, has not filled in the front cover of this register with the school name, class, his/her name, and year date. | Fair | OK | Feilding & Districts Community Archive |
| A 2011.137.06.11 Registers, School | The teacher at Beaconsfield School in 1945 was D R Dallison. It is interesting to note that in all the registers the school has designated Feilding I A & P Show Day a holiday, as is ANZAC Day and the then named King's Day Holiday in June (Queen's Birthday today). | Poor | OK | Feilding & Districts Community Archive |
| A 2011.137.06.12 Registers, School | This Beaconsfield register no longer has the outside cover that normally shows the school name, teacher's name, and class. As with the register for 1945, the school was closed for the day(granted by the board) for C-W & D P S AAA? on 20th March; in 1945 the holiday was on the 7th March. Among the days designated for the school to be closed, Wednesday 27th November 1946 was Election Day. | Poor | OK | Feilding & Districts Community Archive |
| A 2011.137.06.13 Registers, School | Beaconsfield School Register for 1947. D R Dallison is again the teacher. Included in the register are two interesting days when the school was closed - 10th February at 9.30am to commemorate Mr E F Hemingway, and 28th July a holiday was granted by Field Marshall Montgomery. Local body elections on 23rd November meant another day of closure. | Fair | OK | Feilding & Districts Community Archive |
| A 2011.137.06.14 Registers, School | Daily Attendance Register for 1948, with D R Dallison still the teacher. There have been no changes to the pupils from the previous year apart from two additions in the 3rd Term. | Poor | OK | Feilding & Districts Community Archive |
| A 2011.137.06.15 Registers, School | Daily Attendance Register for 1950, again D R Dallison is the teacher. This year there is an increase in the pupil numbers to 12 girls and 12 boys, but by the 2nd Term there are 13 boys, and 3rd Term 14 boys. Through the years the family names generally remain the same, | Poor | OK | Feilding & Districts Community Archive |

| A 2011.137.06.16 Registers, School | which is an indication of a stable community in the Beaconsfield Valley area through the generations the School was open. (The 1949 Register is missing) Daily Attendance Register for 1951; D R Dallison still the teacher. Poor Pupil numbers have increased to 15 boys and 15 girls, and by Term 3, there were 18 boys. Among the interesting remarks written by the teacher is the fact that pupil Julie Rutherford, age 7 years, had died during the May school holidays. | Poor | OK | Feilding & Districts Community Archive |
| A 2011.137.06.17 Registers, School | Daily Attendance Register for 1952; D R Dallison the teacher. On Thursday 7th February the school was closed to mark the death of King George VI. In the 2nd Term for 5 weeks a Rosemary Tillman was a pupil; by the comment from the teacher, the family were immigrants from England. | Poor | OK | Feilding & Districts Community Archive |
| A 2011.137.06.18 Registers, School | Daily Attendance Register, 1953; D R Dallison teacher until October, when there was a change, and R Berryman took over. The school was closed while R Berryman moved into the School House on Thursday 1st October, 1953. The School Roll was very stable, with only the odd new intake. | Poor | OK | Feilding & Districts Community Archive |
| A 2011.137.06.19 Registers, School | The teacher for this year is K J Berryman, who classified the class divisions as Primer 1 to Standard 5. The School Roll has increased, but the family names attending largely remain the same. Of note for the 6th to the 13th, September 1954 the School was closed "because of sickness of the permanent teacher". | Poor | OK | Feilding & Districts Community Archive |
| A 2011.137.06.20 Registers, School | The 1955 Daily Attendance Register, the teacher is again K J Berryman; the classes Primer 1 to Form 2. At the end of this year the Roll was 31 - 13 girls, and 18 boys. | Poor | OK | Feilding & Districts Community Archive |
| A 2011.137.06.21 Registers, School | This year the Daily Attendance Register has been re-designed to make it easier for the teacher to record the year's attendance. Instead of 3 separate sections for each Term as in previous registers, the 1956 one has the pupils names entered only once. Again the teacher was K J Berryman, and the classes Primer 1 to Standard 6. The Roll is 36 with 17 girls and 19 boys. | Poor | OK | Feilding & Districts Community Archive |

| A 2011.137.06.22 Registers, School | Daily Attendance register for 1957, W J Dann is now the teacher, and the Roll is 35 - 18 girls and 17 boys. Other than the stats holidays, the school was also closed on Wednesday 27th February, but there was no reason given. | Poor | OK | Feilding & Districts Community Archive |
| A 2011.137.06.23 Registers, School | Daily Attendance Register 1958, teacher still W Dann, who must have used an earlier form of the registers for this year, as it has separate sections for each term and meant the teacher had to write the names in 3 times. Of note was when the school closed on Thursday 6th February for the visit of the Queen Mother to Palmerston North. | Poor | OK | Feilding & Districts Community Archive |
| A 2011.137.06.24 Registers, School | Daily Attendance Register, 1959; the teacher is now J R Barnett, and the register is back to one page for the names of the pupils for the whole year. | Poor | OK | Feilding & Districts Community Archive |
| A 2011.137.06.25 Registers, School | Daily Attendance Register, 1960; again the teacher is J R Barnett. | Fair | OK | Feilding & Districts Community Archive |
| A 2011.137.06.26 Registers, School | Daily Attendance Register, 1961; J R Barnett still the teacher. It is noticeable throughout the registers that if the teacher is away sick or has a refresher course, the school is closed for that time; (no relieving teacher used). The number of pupils attending the school is decreasing, with only 23 at the school now. For this register the teacher has arranged the pupils in their classes - Primers to Form II, with the biggest group of 9 in Standard 1. | Fair | OK | Feilding & Districts Community Archive |
| A 2011.137.06.27 Registers, School | Daily Attendance Register, 1962. By now the school is down to 11 Fair pupils, so at the end of this year the school closes. It appears there were 3 teachers during the year - F E Usmar, John Bellercef(sic), and finally B A Halford. During the 1st Term the second teacher closed the school twice because he had an Army Medical to attend. On Friday 22nd June the school was closed again - comment is "No School, Went To Cheltenham Under Adopted Scheme". On 19 October there was a "Lord Cobham's Holiday". | Fair | OK | Feilding & Districts Community Archive |

recording results of various tests conducted during the year. The tests covered all subjects studied.

This register is for: 1955 classes Primer-4 to Form 11, and the teacher is K J Berryman, sole teacher.

At the rear of each register is a General Report by the teacher about each Class per subject, and also Boys progress against Girls progress.

|--------------------------------------|--|------|----|--|
| A 2011.137.07.2 Registers, School | At the beginning of this year, the teacher was K J Berryman and there were 35 pupils, but according to the comments of W J Dann, the teacher who wrote the General Report at the end of the year, the school had seen "four teachers in fairly quick succession". This was to the detriment of the children's education, and by the end of the year there were only 18 pupils. | Good | OK | Feilding & Districts Community Archive |

| A 2011.137.07.3 Registers, School | The Register for 1957 with W J Dann still the sole charge teacher. The roll has increased again to 23. The teacher's comment in the First General Report suggests that the pupils are still suffering from too many relieving teachers in 1956, but are generally trying hard. In the Second General Report Mr. Dann seems to be happier with the progress of the children, and also the co-operation of the parents and the School Committee. | Fair | OK | Feilding & Districts Community Archive |

|--------------------------------------|--|------|----|--|
| A 2011.137.07.4 Registers, School | The sole teacher is still W J Dann with 20 pupils. The General Reports are again full of good and not so good comments about the pupils work, but generally there seems to be continuing improvement. The final comment at the end of the Second Report in December 1958 by W J Dann is as follows: "I have concluded all the returns, reports etc and leave the school clean and tidy for the incoming teacher, J R Barnett" | Good | OK | Feilding & Districts Community Archive |

|--------------------------------------|--|------|----|--|
| A 2011.137.07.5 Registers, School | The Register shows that this year (1959) the school only has 12 pupils (6 girls, 6 boys), and the teacher is J R Barnett. The pupils range from Primers to Form 1; J R Barnett's comments after half a year are not very complimentary of most of the children! By the end of the year his comment is: "The children have worked very hard and much of the work has improved although there is plenty of room for more improvement. Altogether a satisfactory year." | Good | OK | Feilding & Districts Community Archive |
|--------------------------------------|--|------|----|--|

|--------------------------------------|--|------|----|--|
| A 2011.137.07.6 Registers, School | The Register this year shows the school roll has increased to 22 pupils in 7 year groups - Primers to Form 2. The sole teacher is still J R Barnett, who appears to still find most of the children could do a lot better at their school work, and feels halfway through the year that maybe he has been too lenient. By year end he comments: "A | Good | OK | Feilding & Districts Community Archive |

hard year. Some of the pupils have tried but have been frustrated by the efforts of other pupils. Hard to get the pupils to do any work out of normal school hours."

| | | | | |
|--------------------------------------|---|------|----|--|
| A 2011.137.07.7 Registers, School | The Department of Education has changed the format for the Register slightly this year. Sole teacher J R Barnett has not only filled in the Surveys for the Year columns, but also decided to record Plateau Tests and Spelling tests each Friday. There are 20 pupils, with a new family name appearing. The comments in the First General Report are still not very positive - J R Barnett seems to dispare of most of his charges ever learning anything! His comments for the second half of the year reflect various health problems and the fact that 5 pupils left. His final comment was: "I sincerely hope the school roll builds up before the beginning of 1962". | Good | OK | Feilding & Districts Community Archive |

| A 2011.137.07.8 Registers, School | The Beaconsfield Primary School by 1962 was in the doldrums with only 7 pupils, and so finally closed its doors. The Register of P and A shows there were 2 teachers, John B. Mercer, then B A. Halford, and the pupils were from Standard 1 to Form 2. There is only a Second General Report on each pupil, as by then there were only 6 pupils. | Good | OK | Feilding & Districts Community Archive |

| A 2011.137.09 Inventory | Beaconsfield Primary School. Inventory of Furniture for 1933, handwritten by Miss B G James, the sole teacher. At the beginning of 1933 the School roll was 19 pupils. Miss James completed this inventory on 30 June 1933, as she was leaving the School. | Fair | OK | Feilding & Districts Community Archive |

The inventory covers everything from furniture to boxes of chalk - all the sports equipment, science apparatus; garden tools; cleaning equipment; stationery; books. For 19 pupils it seems to have been a well equipped school.

| A 2011.137.10 Timetable | There is no indication who put out this Timetable, but from the explanation on the reverse it could have been the Education Department, as the timetable is "offered as a guidance to those teachers who are having difficulty in framing one to suit their own needs". | Poor | OK | Feilding & Districts Community Archive |

To begin with it was a nursery selling various plants and trees, but specialising in roses. The business grew to a point where Mr Mason decided to form a company in 1954; he passed away in 1956 and the business was taken over by Sam and Alan Mason. They decided that they would phase out all their stock except for the Roses, as well as introduce Fuchsias to their line-up. | Fair | OK | Feilding & Districts Community Archive |

| A 2011.151.01 Journal | The Playcentre Federation Journal from Term 2 1988, which celebrates 40 years of the Playcentre movement in New Zealand. Of particular interest is the article on Gwen Somerset, a Feilding resident, married to Crawford Somerset. They were together responsible for also setting up the first Community Centre in the country in Feilding. In 1947 they moved to Wellington for Mr Somerset to take up a position at Victoria University, and in 1948 when the Playcentre Movement became a national body Mrs Somerset was elected Founding President of the Federation. | Good | OK | Feilding & Districts Community Archive |
